Fields of Fire Deluxe Update Kit guide

This document details the components from 2nd edition Fields of Fire that are replaced with the recent Fields of Fire Update Kit. Note that some components may differ slightly if you are upgrading from a 1st edition set.

1. Booklets

- **Rulebook**: This is replaced by the new Series Rules 3rd Edition book in the Update Kit.
- **Briefing Book 1**: This is replaced by the Normandy and Vietnam mission books in the Update Kit.
- **Briefing Book 2**: This is replaced by the Naktong River and Heartbreak Ridge Mission books in the Update Kit.

2. Player Aids

- **Command Display**: This is replaced by the new 2-sided Command Display in the Update Kit.
- **Charts & Tables**: This is replaced by three new player aids in the Update Kit (Charts & Tables1, Charts & Tables 2, Anti-Tank Combat Resolution & Modifiers).
- **Enemy Activity Check Hierarchies**: This is replaced by the new Enemy Activity Check Hierarchies player aid in the Update Kit.
- **Helicopter Control Card**: This is replaced by the Helicopter Control card in the Update Kit.
- **Force Packages card**: This is no longer used due to integration of the packages into the mission books.
- **Vehicle and Anti-Tank Weapons Chart**: This is replaced by the Vehicle and Anti-Tank Weapons Chart in the Update Kit.
  → The reverse side of this (Action Attempt Symbols) is not replaced, but contains errors and so can be discarded. The symbol explanations have been integrated into the new rulebook.
- **Mission Log book**: This is replaced with the four photocopiable log sheets in the Update Kit.

All of the above are free to download from GMT Games.

3. Cards

- **Action Deck (cards 1-51):** These are not replaced by the Update Kit and should not be thrown away.
- **Action Deck (cards 52-55):** These four hint cards are replaced by the four hint cards in the Update Kit.
- **Normandy Terrain Deck:** This is not replaced by the Update Kit and should not be thrown away.
- **Korea Terrain Deck:** This is not replaced by the Update Kit and should not be thrown away.
  → Note that this is now refereed to as the "**Naktong River**" terrain deck.
- **Vietnam Terrain Deck:** This is not replaced by the Update Kit and should not be thrown away.

Note that the Update Kit also contains cards for use in the **Heartbreak Ridge** campaign. These are new cards and do not replace any existing cards. See the Heartbreak Ridge Mission Book for details on how to use these with the Naktong River deck to play that campaign.

4. Counters

The Update Kit contains three counter sheets that replace some of the counters found in the 1st and 2nd editions of the game plus some new unique counters. These are detailed in a sheet that comes in the Update Kit. An illustrated guide can also be downloaded from GMT Games and it is recommended that this is followed carefully while replacing your counters.

Enjoy your game!
